

SMARTPEN APPLICATIONS

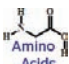

Livescribe customers can now make their Pulse smartpen even smarter with games, tools, and utilities from the Livescribe Application Store.

The Application Store allows customers to browse, purchase, and download a variety of applications created by developers around the world. Integrated within Livescribe's Online Store, the Application Store provides quick and simple downloadable purchases.

Livescribe's smartpen SDK enables third-party developers to write applications. To date, more than 5,000 developers have registered to download our SDK.
