LIVESCRIBE +
The Livescribe+ mobile app pairs with your Livescribe 3 smartpen to instantly sync everything you write on paper directly onto your iPhone or iPad.

- Review your notes in Page view or in the Feed where they are sorted into smaller, useful snippets of information
- Notes can be searched, tagged and converted into text
- Use handwritten notes to create tasks, reminders, calendar events, new contacts and more
- Add photos, text notes and pencasts to your notes
- Create shareable PDFs of any content from the app
