

## Record and Play Back

Smartpens record everything you write and hear so you'll never miss a word. Replay your meetings or lectures simply by tapping on your notes.

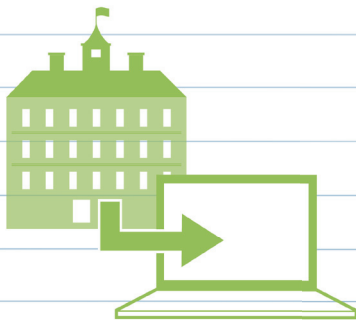

## Save, Search and Organize

Livescribe™ Desktop saves your notes and recordings to your computer for fast, easy access to what's important. Save a Pencilcast PDF file to replay a pencilcast using Adobe Reader.

## Send and Share

Easily send notes and audio as a pencilcast to people and destinations such as Email, Google™ Drive, Facebook, Evernote® or your mobile device – all from your paper!

## Optimal in these Educational Environments:

Schools that prefer to keep data stored on computer hard drives.

Captive portal wireless networks that require additional authentication through a web page.

Low cost solution for audio-enhanced classrooms.
