

Record and Play Back

Smartpens record everything you write and hear so you'll never miss a word. Replay your meetings or lectures simply by tapping on your notes.

Save, Search and Organize

Livescribe™ Desktop saves your notes and recordings to your computer for fast, easy access to what's important. Save a Pencast PDF file to replay a pencast using Adobe Reader.

Send and Share

Easily send notes and audio as a pencast to people and destinations such as Email, Google™ Drive, Facebook, Evernote® or your mobile device – all from your paper!

Optimal in these Educational Environments:

Schools that prefer to keep data stored on computer hard drives.

Captive portal wireless networks that require additional authentication through a web page.

Low cost solution for audio-enhanced classrooms.

Smartpens Remember So You Don't Have To

Record everything you write and hear together or separately. Tap anywhere on your notes to replay the audio from that moment in time.

From Paper, Directly To Your Digital World

Automatically, your recorded notes and audio are wirelessly sent and securely stored in your free Evernote® account.

Any Time, Anywhere Access to Your Notes

Quickly search, share and replay your lectures, meetings and ideas any time on nearly any device.

Optimal in these Educational Environments:

BYOD campuses can use Evernote on PC, Mac®, iOS® or Android™ devices to replay, search and share interactive notes.

Wireless campuses looking for cloud storage solutions to increase collaboration between students and teachers.

Existing Evernote users that want to store their handwritten notes and audio in their accounts.
