LIVESCRIBE +

The Livescribe+ mobile app pairs with your Livescribe 3 smartpen to instantly sync everything you write on paper directly onto your iPhone or iPad.

- Review your notes in Page view or in the Feed where they are sorted into smaller, useful snippets of information
- Notes can be searched, tagged and converted into text
- Use handwritten notes to create tasks, reminders, calendar events, new contacts and more
- Add photos, text notes and pencasts to your notes
- Create shareable PDFs of any content from the app

SYSTEM REQUIREMENTS

- A Bluetooth® Smart Ready mobile device running iOS 7 or newer: iPhone® 4S (or newer), iPad® 3rd generation (or newer), iPad mini (or newer), or iPod touch® 5th generation (or newer)
- USB power source for charging (computer or power adapter)
- Livescribe Dot Paper
